JOHN L. FOSTER & SON, Owners

Best Roses, Trees and Plants for the Southwest

DENTON, TEXAS

for
Mr. H. P. Gould,
Office of Hort. & Pomological Invest.
Department of Agriculture,
Washington,
D.C.

JAPANESE BUSH HONEYSUCKLE—

White flowers, red berries.

LILAC—White, blue, purple.

PHILADELPHUS—10 ft. White flowers.

SUMACH—12 ft. Finely cut foliage.

MALVAVISCUS—2 ft. Heavy green leaves, scarlet flowers all summer.

Thrifty everywhere. Excellent for low borders.

SALVIA GREGGII—1½ ft. Scarlet flowers all summer. Fine.

SALVIA WHITE—Same as above, white flowers.

SPIREA—6 ft. Arching branches covered with white flowers. Fine.

STYRAX—7 ft. White flowers.

TAMARIX—10 ft. Will grow anywhere.

VITEX—10 ft. Purple flowers in cylindrical clusters. Fine.

EVERGREENS

No home ground planting is complete without an artistic planting of ornamental Evergreens. They are beautiful in winter as well as summer and will add dollars to the value of your property.

At the Foster Nurseries are grown more different varieties of evergreens than any other place in the Southwest. Some of these varieties are quite rare, though everyone of them is suited to our climatic conditions. If properly handled they will live and grow more

beautiful each year. Tell us the kind of place you have and we will tell you what to plant. CEDRUS DEODARA, Ligustrum, and Mahonia are splendid.

ABELIA—4-ft. Dark glossy leaves; white flowers all summer, \$1 each.

ARBOR VITAE—Golden, 5 ft. Always beautiful. 75c and \$1 each.

A. V. PYRAMIDAL—20 ft. Tall growing. 75c and \$1 each.

BOXWOOD—3 ft., 8-12 in., 50c each, \$4 per 10.

CAPE JASMINE—6 ft. Bright, shining foliage; white, waxy flowers, deliciously fragrant, 1 to 2 ft., 75c each, \$6 per 10.

RED CEDAR—50 ft. 3 to 4 ft., \$3 each.

COTONEASTER—8 ft. Very beautiful. Leaves rich green and silver; white flowers, vermilion berries in great profusion. The branches loaded with berries can be cut and kept in water for weeks. 1-2 ft., \$1 each.

CYPRESS, Arizona. 50 ft. Silvery blue foliage. Fine for hot, dry climate. \$2 to \$5 each.

CYPRESS, Italian. 75 ft. Tall, slender. Very beautiful. \$2 to \$5 each.

Elaeagnus. 3 ft. Silvery leaves. \$2 each.

Euonymus. Thick green leaves. 50c each.

Golden Euonymus. 6 ft. Green and yellow leaves. Good. 75c each.

FEIJOA. 6 ft. Large glossy leaves; showy flowers followed by small fruits, which are very delicious. \$1 each.

CEDRUS DEODARA

CEDRUS DEODARA—75 ft. The most beautiful evergreen tree in the South. The horizontal branches of beautiful silvery green foliage droop at ends presenting a stately graceful outline. Is very rapid grower and perfectly adapted to this climate. 2-3 ft. \$4 each; 3-4 ft., \$6 each; 4-6 ft., \$8 each; extra large \$10 to \$15.

Make your home grounds distinctive by planting a few CEDRUS DEODARA.

LANDSCAPE DEPARTMENT

The plan for the proper laying out of the home grounds is as necessary as the plan for the building. A house does not become a home until the grounds about it are properly planted.

The art of Landscape Gardening requires, as well as an artistic arrangement of the grounds, a thorough knowledge of plants and their adaptation to the various soils and climatic conditions. This is especially important

in Texas where the variance of soil and climatic conditions are such that the proper selection of varieties insures success as against failure where wrong varieties are planted.

Our Landscape Architect has had experience in this class of work in both Texas and California and is prepared to make plans that will give results. Write us about your place.

SHADE TREES.

We have a splendid lot of shade trees and can make special low prices on large lots. We regard Sycamore and Umbrella China as the best all round shade trees.

Ash, Elm, Locust, Lombardy Poplar, Carolina Poplar, Maple, Sycamore.

FLOWERING WILLOW—12 ft. Purple Flowers; fine.

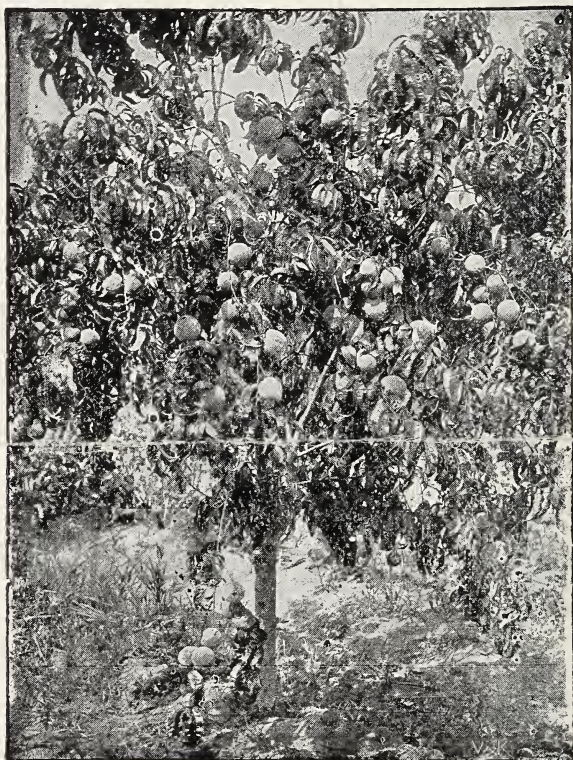

THE FOSTER NURSERIES

We have been in the nursery business for over thirty-three years and can recommend everything in this list as being suitable for our climate, and if properly planted every plant will live and grow because they are the right varieties and are grown right. All trees and plants are extra strong and well rooted. All orders of \$5 or over are sent prepaid anywhere in Texas or adjoining states. All kinds

of trees and plants are very scarce this season and to be sure of getting what you want you should send us your order as early as possible.

Six or more trees or plants furnished at dozen rate, 50 or more at 100 rate.

If sold out of a given variety, we will send similar variety unless instructed not to do so.

A two-year-old BARRY CLING Peach tree loaded with ripe fruit.

PEACHES, PEARS, PLUMS, APPLES, CHERRIES, APRICOTS, JAPANESE PERSIMMONS, FIGS, MULBERRIES.
